

## Binary

### medium

photographic collage  
on painted wood

### dimensions

5.4 m x 2.4 m  
(17 ft 8 1/2 in x 8 ft)

The commissioned mural, 'Binary' was a part of Stargaze's inaugural exhibition, 'DRIFT'. The artworks looked at the dynamics of universal interactions between heavenly bodies from the micro to the macro levels. From the orbit of electrons around nuclei in atoms, to the revolution of planets around stars, we are in constant interaction with one another: attracting, colliding, fusing, repelling, eclipsing and passing.
